Date:09/10/2019

CORRINGENDUM

The interested consultancy firm are requested to take note of few changes in Terms of Reference (ToR) stated hereunder for the work “**Design of Motanga bypass road and bridge at LAP III to connect with LAP I at Samdrup Jongkhar**” dated 17th November 2019.

Scope

The service to be provided by the consult will include but not limited to the following:

a) Design of approach roads

Suitable approach road to the bridge or connecting LAP I and LAP III should be designed by the consultant. The following technical parameter but not limited to should be accessed and designed for:

- i) Geometric design of approach road shall be carried out as per detail topographical survey and suitable pavement design carried out, either rigid or flexible pavement. The survey should be carried out using the existing coordinate and reference point provided by the client.
- ii) Though the road layout is prepared on the Local Area plan, its feasibility analysis should be carried out and the best possible layout of the road should be designed for and presented to the client during concept presentation and finalization. Detail of the plot and other proposed infrastructure within the proposed project would be provided by the client.
- iii) The Formation width of the road should be 10.00 meters, carriage width of 7.50 meter and pedestrian way of 1.50 meter width on one side of the road.
- iv) The road should be designed for traffic loading of 20 msa and California Bearing ratio(CBR) of 5%.
- v) Most appropriate and economical slope protection or retaining structure for the road has to be designed for including proper drainage.
- vi) The design shall include street lighting incorporating latest technology.

However, other sections and sub sections in the Terms of Reference will remain unchanged. The date and time of submission of bids will remain same i.e. 18th October 2019, 10:00AM at Thromde office. For detail visit www.sjthromde.gov.bt. Inconvenience caused here highly regretted.
